

ANANYA G BHARADWAJ

Hassan, Karnataka | ananyagbharadwaj@gmail.com | 6360572690 | linkedin.com/in/ananya-g-bharadwaj | github.com/Ananya-G-Bharadwaj-Hassan

CAREER OBJECTIVE

Computer Science undergraduate with a strong interest in AI/ML and Data Science. Enjoys problem-solving, building practical projects and exploring new technologies. Seeking an opportunity to apply technical skills while continuously learning and contributing to impactful, real-world solutions.

EDUCATION

Malnad College of Engineering, Hassan — B.E. in Computer Science & Engineering

2023 - 2027 | CGPA: 9.47

Masters PU College, Hassan — PUC (PCMB)

2021 - 2023 | Percentage: 96.7%

United Academy, Hassan — SSLC

2021 | Percentage: 99.36%

SKILLS

Programming Languages: Java, Python

Libraries: Pandas, NumPy, Scikit-Learn, Matplotlib

Databases: SQL, MongoDB

Developer Tools: GitHub, VS Code, IntelliJ

Web Technologies: HTML, CSS, JavaScript

Soft Skills: Teamwork, Communication, Leadership, Problem Solving, Eager Learner

Relevant Coursework: OOPs, Data Structures & Algorithms, Machine Learning, Statistics, Operating Systems, DBMS

PROJECTS

VendorConnect – A Local Business Support System

- Developed a web-based platform to help local vendors digitize their business and connect with nearby customers.
- Technologies used: HTML, CSS, JavaScript, MongoDB, Node.js, Express.js

Fake News Detection System Using Machine Learning

- Developed a Fake News Detection system to classify news articles as real or fake based on textual content using Logistic Regression.
- Technologies used: Python, Scikit-learn, Pandas, NumPy, NLP.

Car Price Predictor

- Built a car price prediction model using random forest to estimate car prices based on car data.
- Performed data cleaning, exploratory data analysis (EDA) and model evaluation to achieve reliable prediction performance.

Quantum AI Based Parkinson's Disease Diagnosis Optimizer (Ongoing)

- Working on a quantum-inspired machine learning model to effectively diagnose the presence of Parkinson's Disease.

CERTIFICATIONS

- NPTEL — Social Networks (2025)
- NPTEL — Human Computer Interaction (2026)
- Infosys Springboard — Data Warehouse Essentials: Concepts (2025)
- TCS iON — Young Professional Course (2026)
- IBM SkillsBuild — Getting Started with Artificial Intelligence (2026)

NOTABLE ACHIEVEMENTS

- Participated in Internal Smart India Hackathon 2025 and got selected for Semi-Finals.
- Participated in Flipkart GRiD 8.0 and got selected for Round 2 (Online Assessment).
- Participated in Hack-A-League 5.0, a 24-hour National Level Hackathon organized by Global Academy of Technology, Bengaluru.
